

The journey so far had not been easy,  
but I had no idea how much more  
difficult it would eventually become.

Dear Diary,  
Today I discovered a  
brand new species!

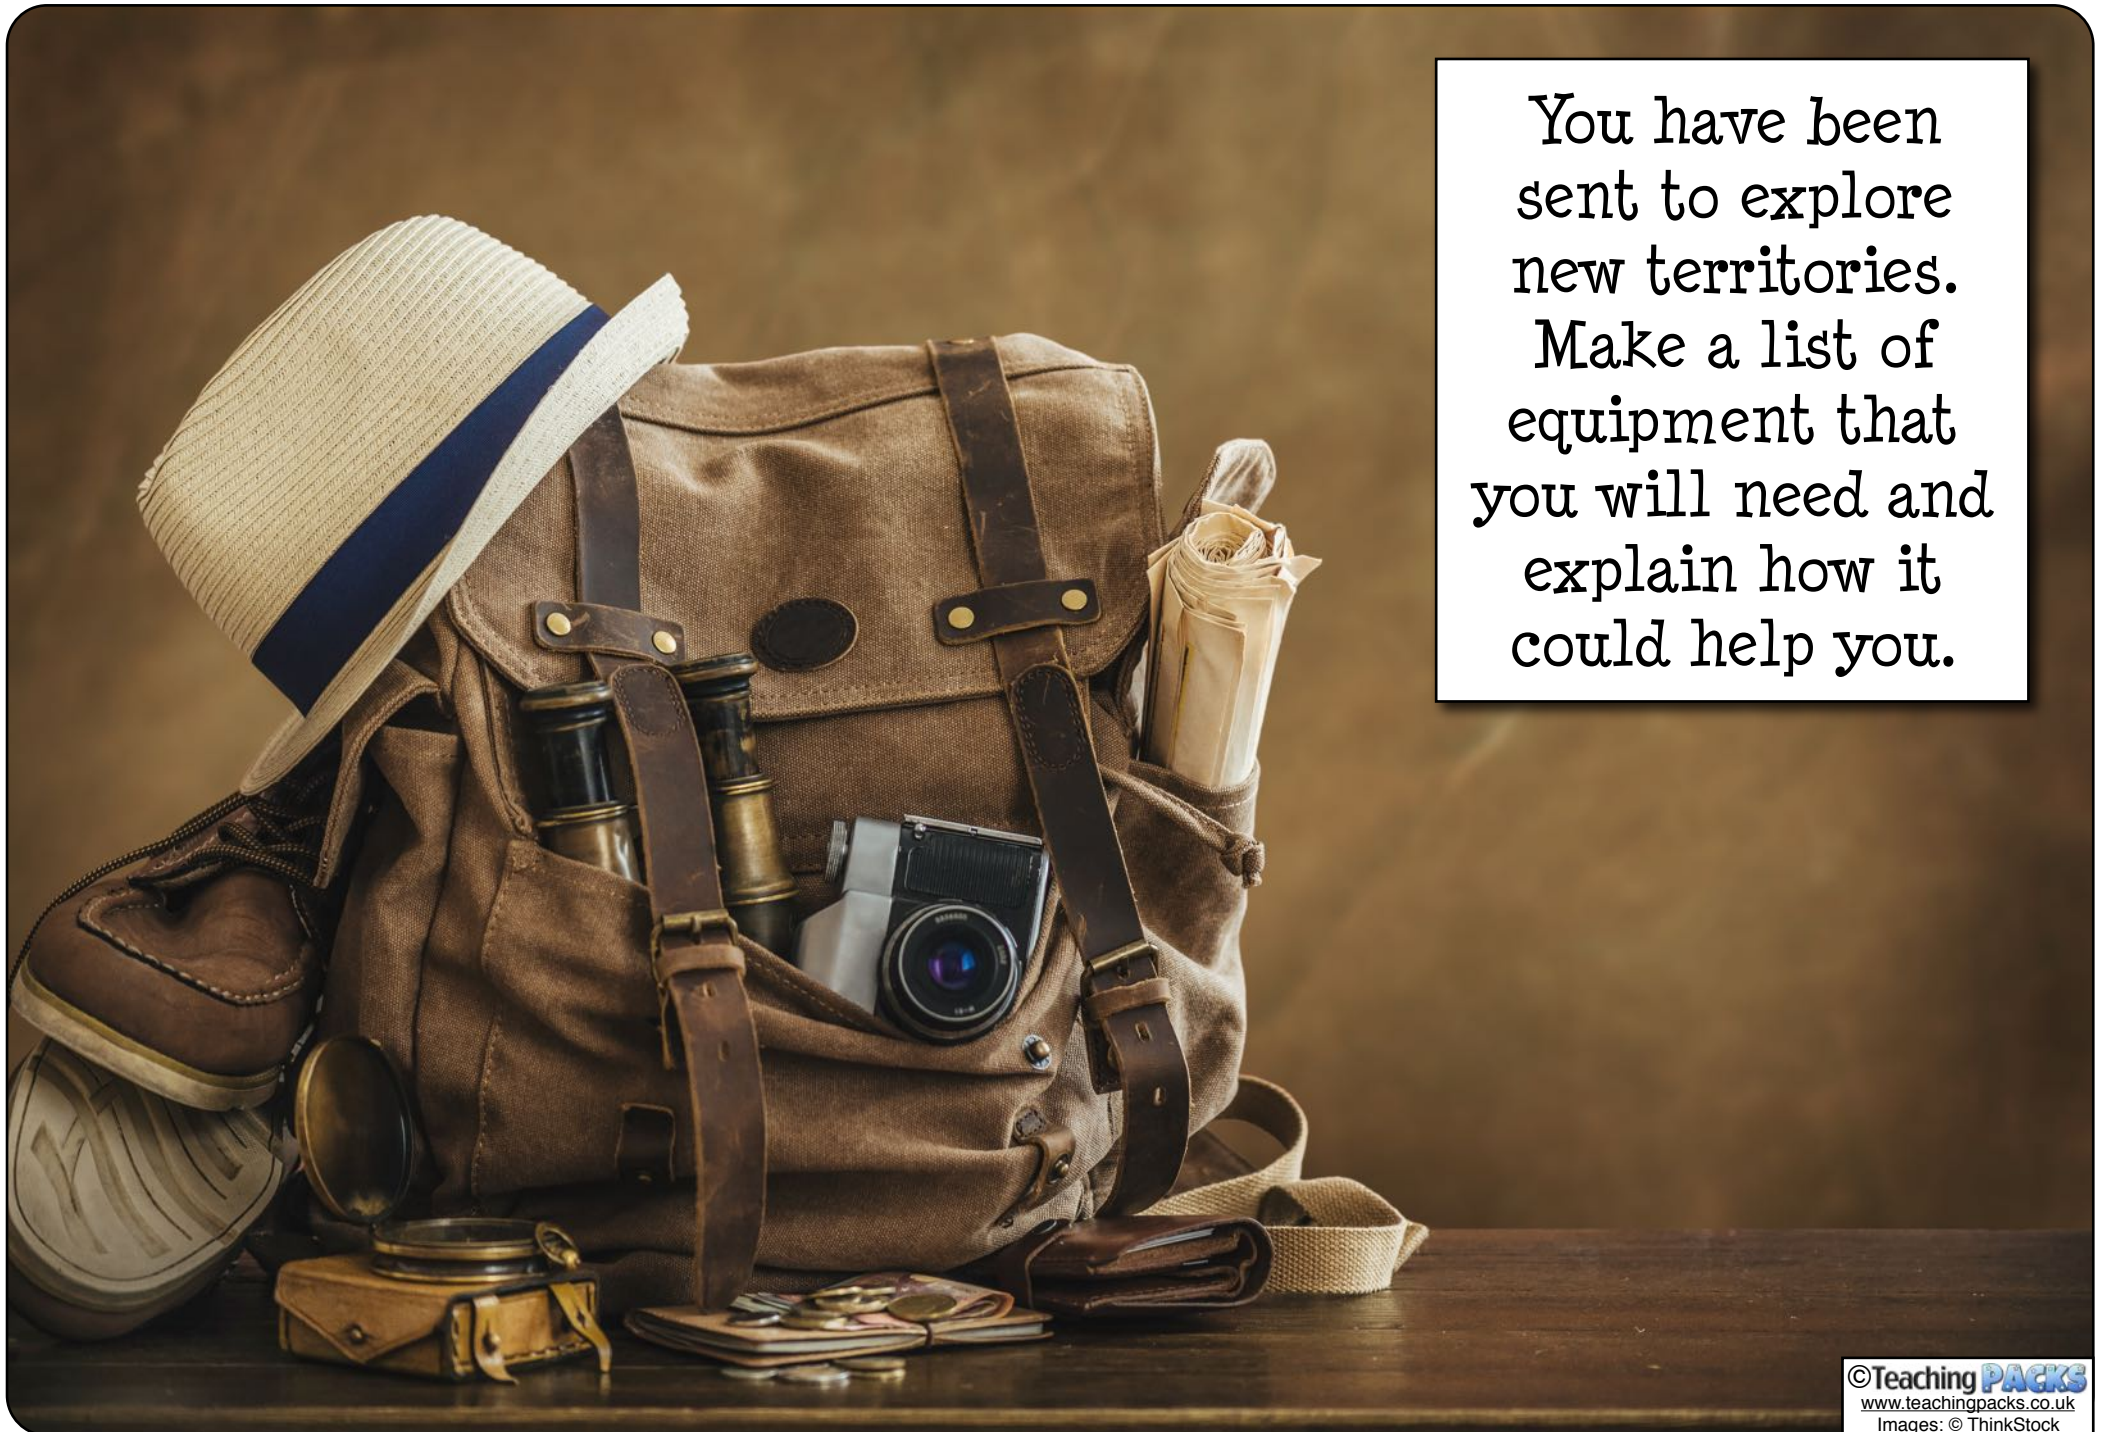

Write a news report about the first person to walk on the Moon.

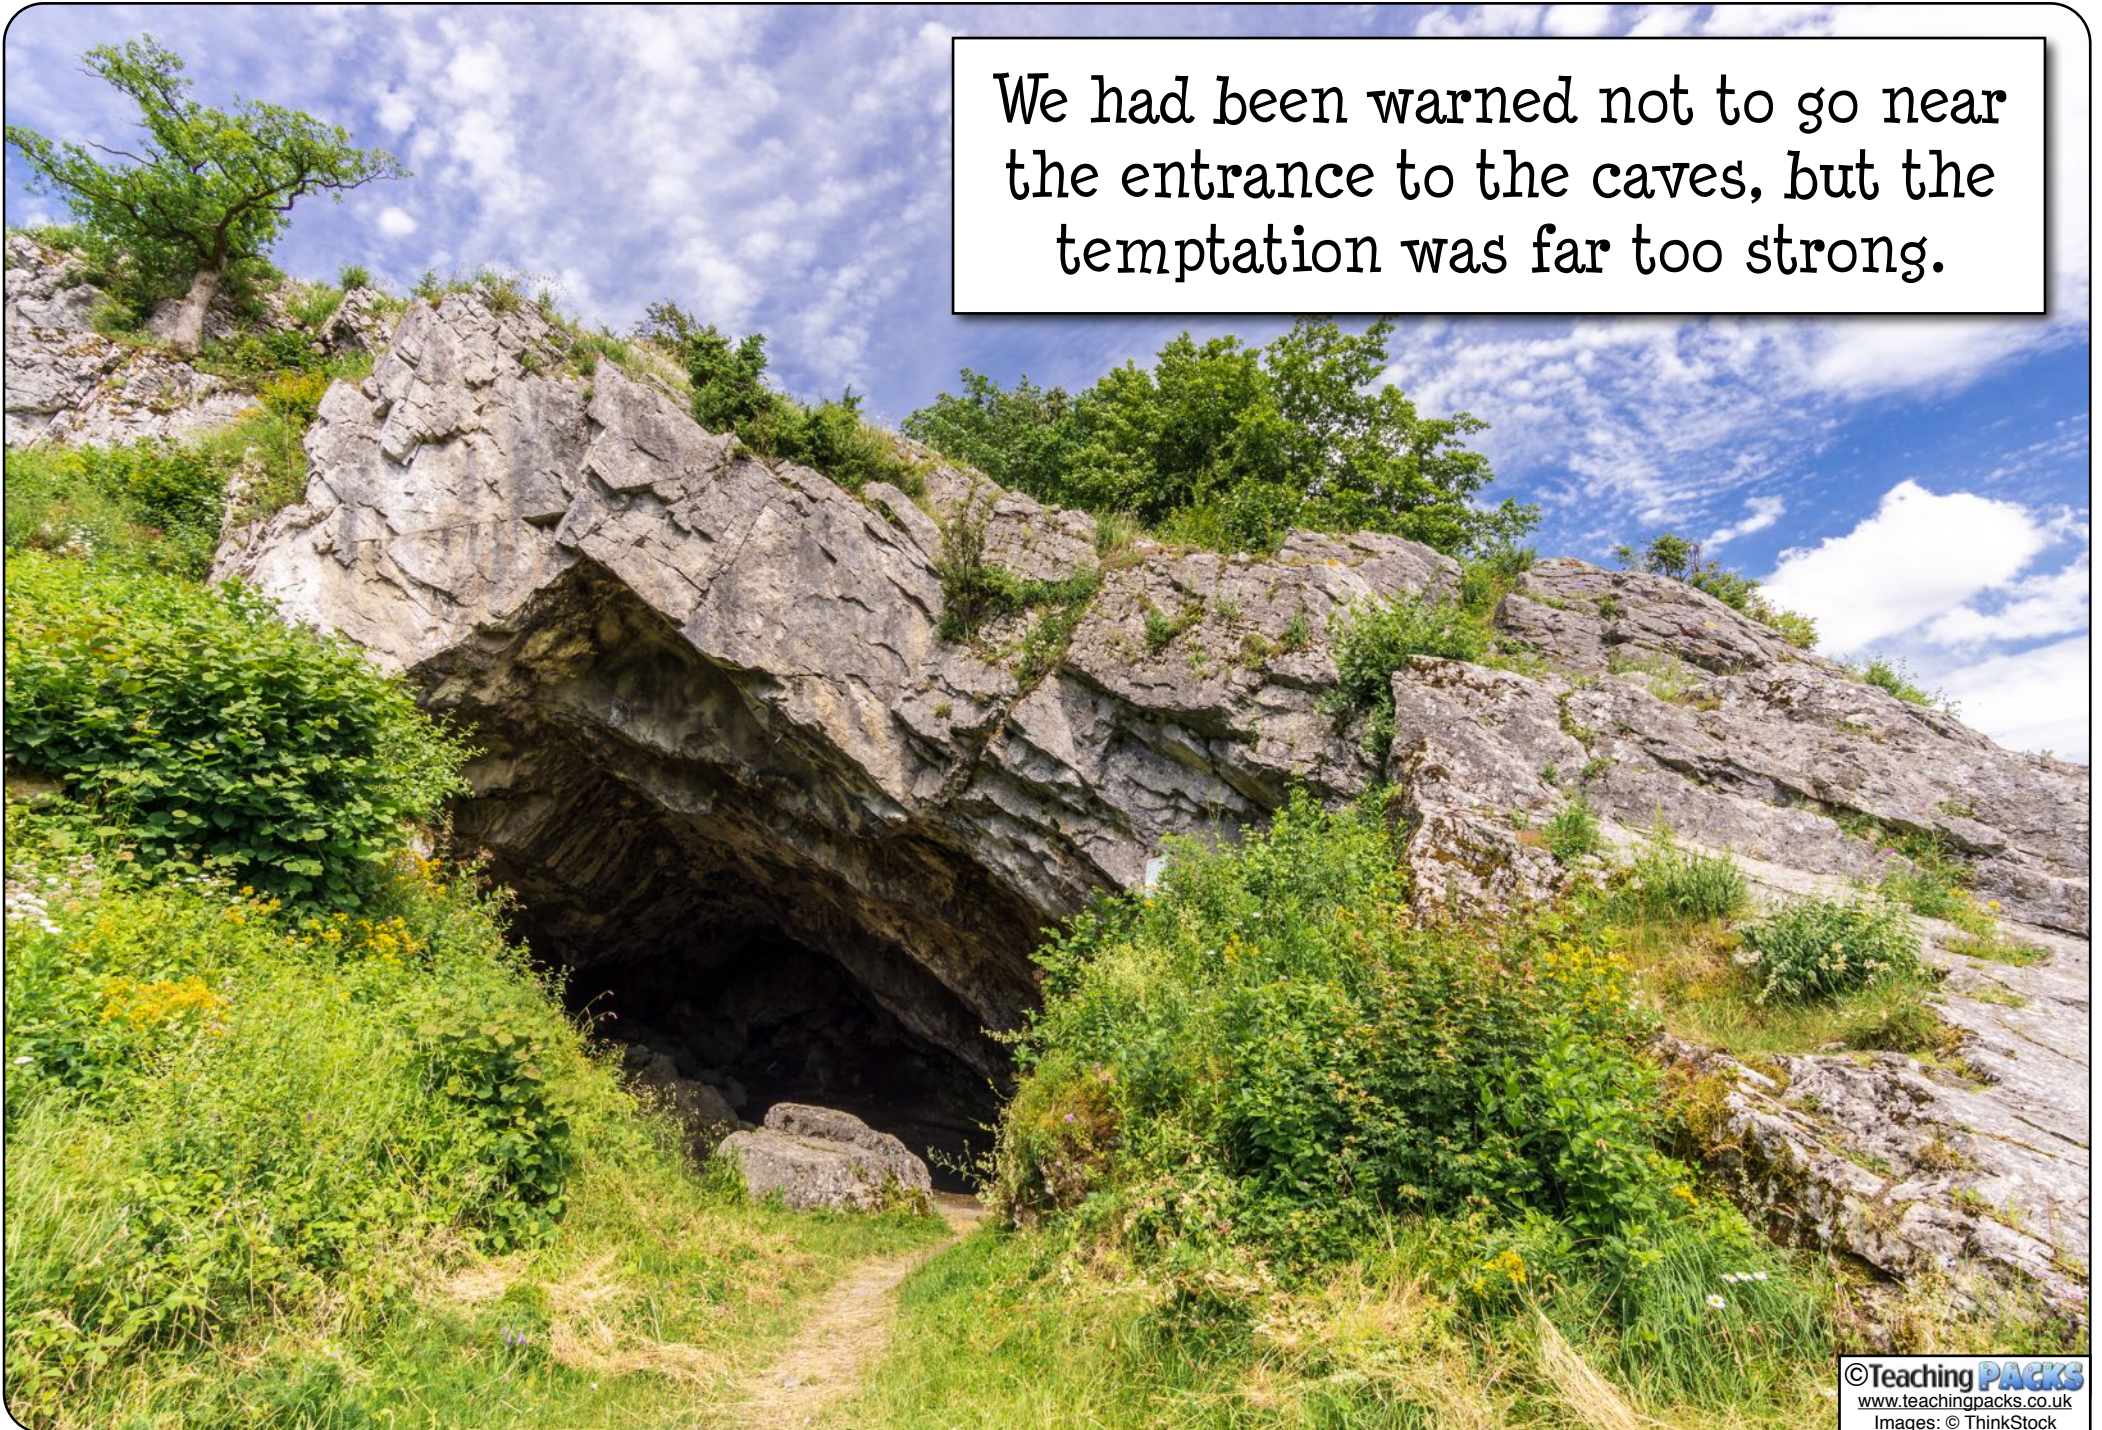

You have been sent to explore new territories. Make a list of equipment that you will need and explain how it could help you.

We had been warned not to go near the entrance to the caves, but the temptation was far too strong.

As I looked  
down, I saw  
something  
glistening on  
the seabed.

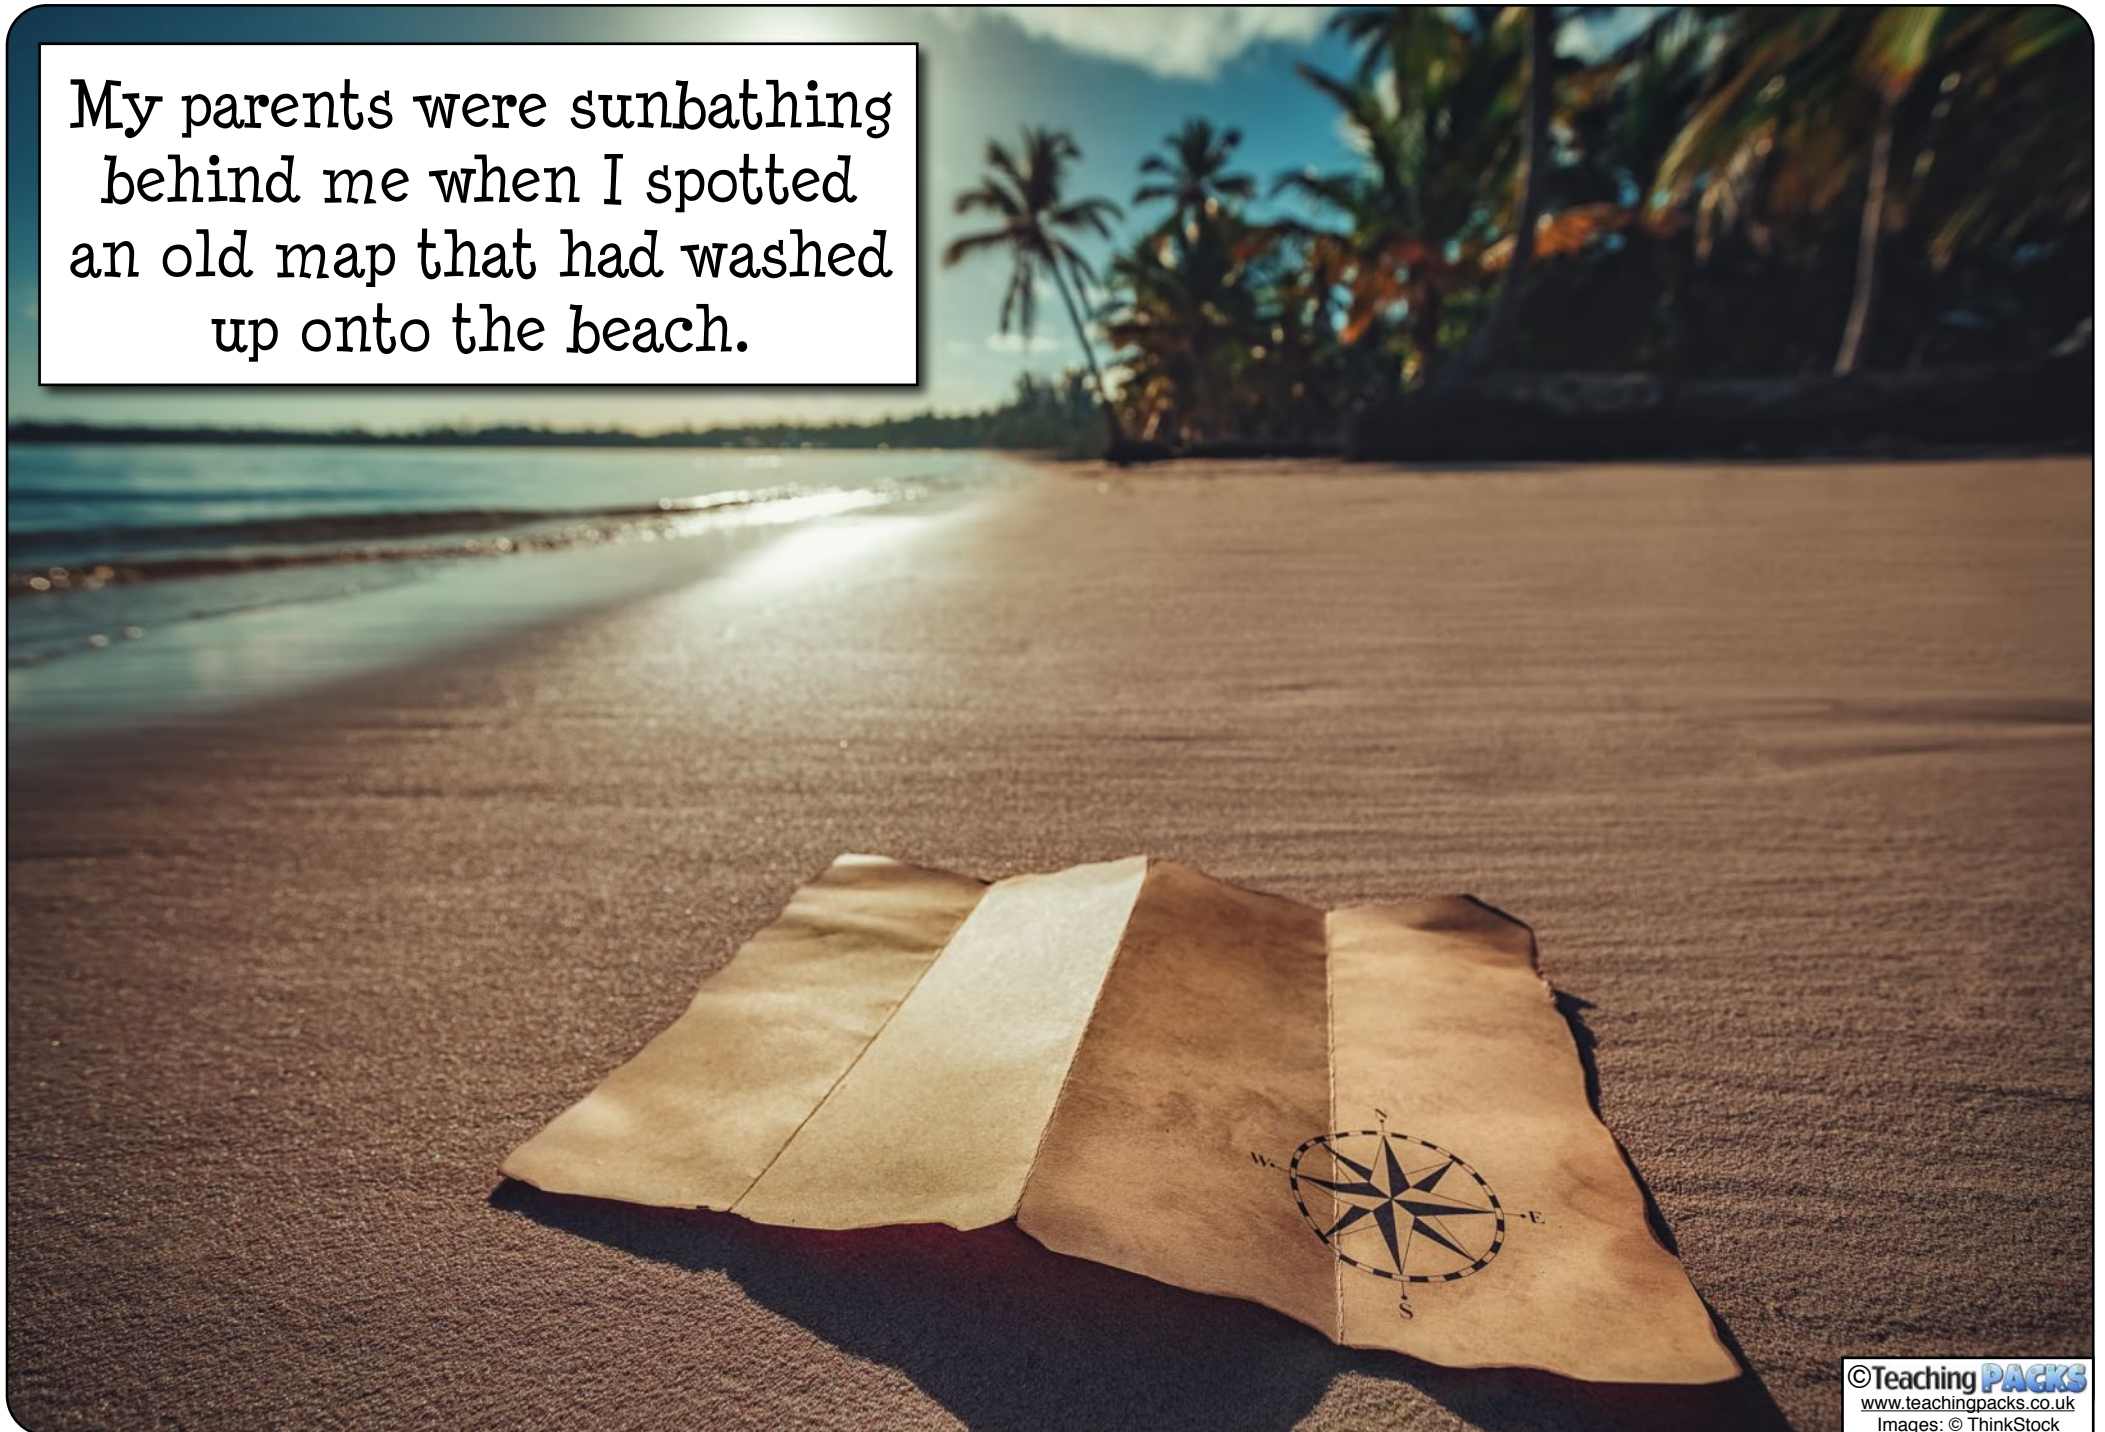

“Dare you!”  
shouted Charlie.

My parents were sunbathing  
behind me when I spotted  
an old map that had washed  
up onto the beach.

I had smuggled aboard the Golden Rose  
and wondered how long it would be  
before I was discovered.

The view out of the space station's  
window was incredible!

I couldn't believe what I was seeing!

My team had all been struck down by illness, so I had to go on my own.
